COMPROMISE

ABOUT

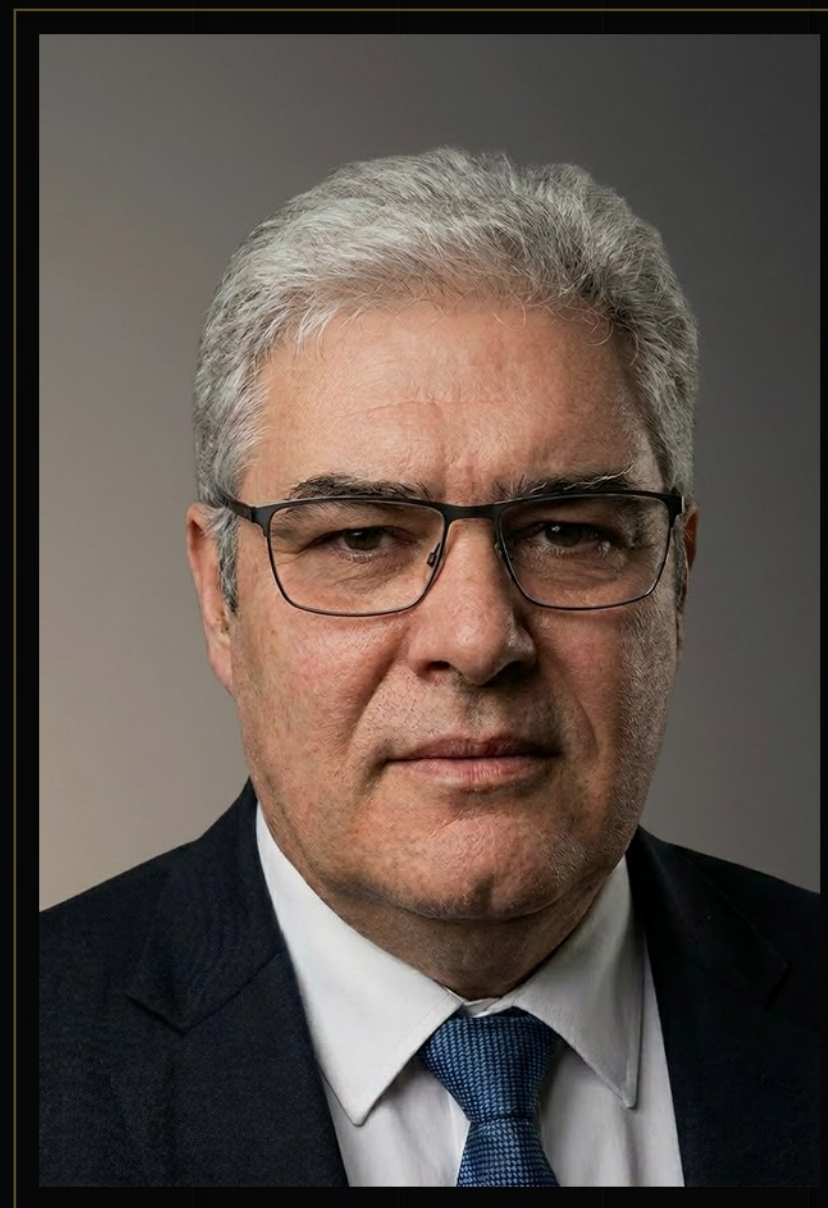

A vision, *one standard.*

First a Paris taxi driver, Stéphane Dias learned the capital street by street. Under the TSP VIP name, he went on to serve national and international groups: executive cars, COMEX teams, travelling staff and VIP clientele.

This dual culture — the rigour of Paris taxi craft and the standards of corporate private chauffeuring — shapes the TSP VIP promise: seasoned discretion, professional precision.

“Luxury is discretion. True elegance does not need to announce itself.”

FOUNDER — STÉPHANE DIAS
