— ABOUT — THE FOUNDER

## One vision, *one standard.*

After a career serving the greatest houses and executives, Stéphane Dias founded TSP VIP in 2008 with one conviction: high-end transport is, above all, a craft of relationship, discretion and precision.

Twenty-five years later, he still personally oversees chauffeur selection, etiquette training and sensitive assignments — faithful to the spirit of a human-scale French house.

*“Luxury is discretion. True elegance has no need to announce itself.”*
